BABY PORTRAITURE

The magic of a new arrival is one of life's big moments, and as parents ourselves, we understand this.

We also understand the fact that through a haze of sleep deprivation and interesting nappies, thoughts of capturing the first tender months of a new life may not be a top priority. However little ones change so fast - expressions and tender moments shared, quickly become memories.

Mason Photography's Baby Portraiture sessions put you and your baby at the heart of what we do - the perfect way of capturing incredible images of a such precious time in your family story.

SHOOTING ON LOCATION

We shoot on location, in your home or somewhere special to you - designed and scheduled around you and your baby's routine and comfort. Our calm and flexible approach is informed by experience and understanding, leaving you and your little one relaxed, whilst allowing us to capture your tender moments together.

UNDERSTANDING

As photographers, but also parents, we have a whole lot of experience of working with babies. We understand that it's about allowing time and space for them to become comfortable with us and the camera. And if they need a mid-session milk break, that's cool with us too. After all, it means we can go and put the kettle on.

THE RESULT

Precious time together and stunning images you can keep for a lifetime.

STUNNING IMAGES, TAILORED SERVICE

Our range of products are designed to truly capture the essence of a shoot - a diverse collection of bespoke products that can be tailored to compliment whichever space you have in mind.

From stunning bespoke frames and beautiful hand bound books, to contemporary multi-acrylics that offer an instant splash of life to any space.

As a boutique business we offer a genuinely tailored service throughout your time with us. We don't believe in the 'hard sell' or offers with lots of small print.

For us it's about capturing the magic of your new addition, creating images that encapsulate a unique and precious time in family life.

KIND WORDS

Do get in touch - we'd love the chance to be able to give you the service enjoyed by our previous clients:

"Your photos are one of the most treasured possessions I have – they give me so many wonderful emotions and warmth every time I look at them! Thank you!" NR

Comments like this mean the world to us, and are why photographing babies is so much more than just a job for us – it really is a passion.
