## FAMILY PORTRAITURE

In the frantic rush of everyday life, it's hard to find moments to slow down and just enjoy being together. Mason Photography location portraiture sessions allow you to do just that - relax, and be yourselves.

We observe the magic of families being together, and capture that spark of individuality - the essence of character.

Above all, our portraiture shoots are all about you having fun, and creating memories you can re-live time and again.

## SHOOTING ON LOCATION

We shoot on location, in your home or somewhere special to you - which apart from the convenience, also critically means that every portraiture session is different - informed by its varied environment, and is as genuinely unique as the people within it. You see, we understand that as each of our clients is different, so we believe each portrait shoot should be too.

## TRUST

As photographers, parents and favourite aunt and uncle (we like to think), we have a whole lot of experience of working with, relating to (and often being) children. It's about trust. It's about allowing time and space for them to become comfortable with us. We understand that by engaging with children on their terms, and making the sessions fun experiences, our shoots are relaxed and enjoyable for all.

## THE RESULT

Precious time together and stunning images you can keep for a lifetime.

## STUNNING IMAGES, TAILORED SERVICE

Our range of products are designed to truly capture the essence of a shoot - a diverse collection of bespoke products that can be tailored to complement whichever space you have in mind.

From stunning bespoke frames and beautiful hand-bound books, to contemporary multi-acrylics that offer an instant splash of life to any space.

As a boutique business we offer a genuinely tailored service throughout your time with us. We don't believe in the 'hard sell' or offers with lots of small print.

For us it's about capturing the magic of people being together, creating images that encapsulate a unique and precious time in family life.
