## PHOTOGRAPHY FROM THE HEART

Capturing moments from such an important day is a big responsibility, and one we take very seriously. After all, your wedding photographs are what you are left with after the dress has been packed away and the last piece of cake has been eaten (yum yum).

## IT'S ABOUT HOW WE MAKE YOU FEEL

Great wedding photography is about more than beautiful pictures alone, it's about how you feel on your day. Unobtrusive, sensitive photography that doesn't interrupt or impose itself on the vibe of your day – capturing moments as they happen, so you can re-live them time and again.

## TRUST

A little word, but a big deal. Trust is knowing we will do what we say we will do. We build a close and honest relationship with our clients during the critical wedding planning phases. This is at the heart of what we do - a genuine partnership between you and us.

## WE LISTEN

Listening to our clients enables us to offer a truly bespoke service tailored to your celebrations. And because our business is small and beautiful, you deal with Louise and Jeremy throughout the whole process – real personal service.

## EXPERIENCE

We have over a decade of experience in event planning and wedding photography. We are proud to work with some of the finest venues in the UK and Europe, and have a professional heritage that includes 15 years as a broadcast TV lighting cameraman and Director of Photography.

## LESS IS MORE

As big believers in quality over quantity we take on a strictly limited number of wedding commissions each year. If our clients are putting so much love and attention into their one big day - we believe it is important that their photographer does too.

## THE LITTLE THINGS

Mason Photography go above and beyond to ensure your day runs as smoothly as possible – if things go a bit awry, we will always do our bit to help.

For example, liaising with the vicar to push the ceremony back when a groom was stuck on the M25; having a safety pin to hold a last minute broken zip together; or helping a nervous groom put his buttonhole on.

You see, we understand that being great wedding photographers is about more than just taking pictures – it's about being part of a team that makes your day the best it can be.

## THE WHOLE STORY

Being a husband and wife photographic team allows us to tell a fully rounded story of your day from both a male and female perspective. The result - a truly comprehensive record of your wedding day.

## NEXT STEPS

If this all sounds like your cup of tea (and we like tea), we'd love to talk through your ideas and plans. Call Louise or Jeremy on 01264 712134 to arrange a consultation. Go on, we'll even bring the biscuits!
